

BADMINTON

—By ITEMDesign Works—

What is Badminton?

Intended as an iconic element within the office, this armchair designed by ITEMdesignworks aims to be the differentiating factor in work spaces.

Thanks to its dynamic and open conception, it enables conversation, reading and the use of electronic devices without falling into a relaxed state which impedes your concentration. To maintain the active attitude, we have removed its arms and set at 180 degrees which favours privacy for the user due to its high degree of sound proofing

‘Badminton also has a wide range of possibilities in its colours, textures and finishes, thanks to being able to select both the carcass finish as well as the two interior. Indeed, one of the differences with the classical models which inspired it, is the exterior housing which has a different material to the rest and is offered in gloss, satin or matt finishes. This enables a multitude of combinations and including the adaptation to brand images of each company or project for which it is intended.’ explains Cuñado.

DESCRIPTION

Estructure:

Exterior shell made from high strength rigid injected polyurethane.

Painted by hand. Available in white, grey and black.

Metallic inner insert 5 mm thickness.

360 ° Rotation with auto-return system incorporated.

Seat and Back:

Great comfort ergonomic padding made from injected flexible polyurethane, with densities in the seat and back (60-65 Kg / m3).

Clipped bonding systems manufactured in Polyamide.

Upholstered foam with different quality.

Base:

Round base support Ø 70 cm made of injected aluminum 8 mm thick, with non-slip felt. Finished with electrostatic epoxy-polyester paint.

SOUND ABSORPTION

High absorbing performance

SELF-RETURN

Returns to its original orientation automatically

VISUAL FIELD

Visual opening 180°

DIMENSIONS

Total height: from 133 cm

Total width: from 97 cm

Total depth: from 89 cm

Seat height: from 45 cm

Seat width: from 68 cm

Seat depth: from 57 cm

PACKAGING

59,24 kg

1,5 m³

1 u/box

No assembly

■ SHELL

POLYURETHANE

Exterior shell made from rigid injected polyurethane, personalised finishes white gloss, white satin matt, grey satin matt or black satin matt. Easy clean with water and soap.

■ BASE

METALLIC PAINTING

Round base support Ø 70 cm made of injected aluminum 8 mm thick, with non-slip felt. Finished with electrostatic epoxy-polyester paint, personalised finishes white gloss, white satin matt, grey satin matt or black satin matt. Easy clean with water and soap.

■ SEAT AND BACK

Fabric V - Valencia

Fabric D - Felicity

Fabric M - Melang & Step

Fabric A - Synergy

Fabric P - Savana

MATERIALS

Maximum use of materials to eliminate and minimize scraps. Use of recyclable and recycled materials in those components that do not affect the functionality and durability.

15,84%
RECYCLED
MATERIALS

PRODUCTION

Maximum optimization of energy use. Minimal environmental impact. Last generation technological systems. Zero discharge of wastewater. No VOC coatings. Processes free of heavy metals, phosphates, OC and COD.

100%
RECYCLABLE
ALUMINIUM, STEEL
& WOOD

TRANSPORT

Detachable systems. Volumes that facilitate the optimization of space. Maximum reduction of energy consumption by transport.

100%
RECYCLABLE
PACKAGE AND THINNER
FREE

USE

Quality and warranty. Long lasting. Replacements available.

EASY
TO CLEAN
AND MAINTAIN

DISPOSAL

Waste reduction. Supplier-manufacturer packaging reuse system. Components are easy to be separated. Inks in packaging are water-based, without solvents.
